

2019 TWILIGHT LEAGUE

Pajaro Valley Twilight League will be changing for 2019.

In the past, there were teams playing matches in the same format as the NCGA Team Matches and accumulating points. The top teams then entered the playoffs to determine prize winners. There was a year end banquet during the playoffs. The bar remained open while the golfers were playing their weekly matches.

For 2019 it will now be a series of weekly tournaments. Each week a different format will be played (some individual formats and some team formats). Golfers will sign up in advance to play in the "Twilight Tournament" of the week. Entries will close at 12:00 noon Tuesday. Play will start at 5:30 pm in a shotgun start and be only nine holes. Please call to cancel if you are not able to play.

Some weeks may be an individual stroke play game with prizes based on net scores, another week it could be a two or four player team event based on a specific number of net balls within the group. Golfers may sign up as individuals or sign up as groups. If a golfer does sign up as a single, the golf shop will create pairings. The golf shop will accommodate pairing requests whenever possible.

The green fee would be \$12.00. Power carts are optional at a cost of \$12.00 per player. A player may play prior to Twilight League provided he is playing the opposite nine that is being used for Twilight League. If a player does play prior to Twilight League, the applicable fees would apply in addition to the \$6.00 prize fund.

A Skins Game (individual or team depending on the format) could be played in conjunction with some of these formats as well.

The bar will not remain open beyond normal business hours unless business dictates.

Winnings from the Skins Game and tournament play will be paid the following week.

The first tournament for twilight league will be played on Tuesday, May 7, 2019 at 5:30 pm. **It will be an Individual Stroke Play Net event.**
